ABOUT NATIONAL

MISSION & VISION

At National Plastic Industries Limited, we aim to build a more inclusive society by providing premium quality products at the most affordable prices.

Our vision is to improve global accessibility to high quality products.

HISTORY

National Plastic started its production in a very humble manner in the year 1952 in a 500 sq.ft. premises, manufacturing plastic buttons for shirts. National Plastic Industries Ltd. then took a quantum leap and commenced the commercial production of Molded Furniture in 1994 and has since gone from strength to strength. Over the years National developed into a market leader in homeware products through continuous innovation and a nuanced understanding of the Indian consumer. Soon National became India's leading manufacturer of homeware products and the largest exporter of plastic furniture in India.

COMPANY PROFILE

Today, NPIL is a publicly traded company listed on the Bombay Stock Exchange (BSE). National Molded Furniture is available all across India and has been widely accepted by both traders as well as consumers. The rich history of the company is reflected in its brand image as National has become a household name for plastics in India. NPIL has also strategically diversified by establishing itself as an emerging world class contract manufacturer & OEM by providing a range of premium quality products for the electrical industry, defense industry, and food packaging industry-including evaporative air coolers and biscuit trays among many others
